

AFSG provides personalized QuickBooks consulting to fit the exact needs of your business.

Choose from any level of service:

We assist our clients in selecting the right level of service designed to maximize financial management decisions, growth, and profitability.

- Set-up and Installation → One-on-one maintenance and support.
- Review and Clean-up → On-site or offsite electronically.
- Full Service Accounting → Financial statement analysis and accounting work monthly or quarterly.

Select from any QuickBooks supplemental software:

Payroll Setup ★ Point of Sale ★ Inventory Management

Create customized QuickBooks business designed documents beyond the template versions:

Purchase Orders ★ Financial Statements ★ Sales Receipts ★ Invoices and Estimates ★ Credit Memos ★ Cover Letters and Emails

Insist on a transparent Tax Return transition from QuickBooks data:

- ✓ Year-end accountant created journal entries input to match your tax return

Protect yourself with QuickBooks network configuration for larger companies:

- ✓ Set-up and customized configuration of software with Multi-user mode
- ✓ Enables multiple users to access the level of information necessary to perform their critical job functions
- ✓ Protects information by allowing a spectrum of access from limited to full user performance.
